

4. Cost of MS BAIS Course

Florida has one of the lowest tuition costs of all states in the United States. Our tuition and fees can be calculated using our online tuition calculator at <http://usfweb.usf.edu/graduate-studies/tuition-and-fee-calculator/> (enter 'Graduate (Business, Engineering)' in the Program Level drop down menu; the MS-BAIS program is a minimum of 33 credits, not including any outstanding prerequisites).

As of 2022, the out-of-state tuition and fees for a two-year MS-BAIS degree for an international student is approximately \$30,000. Students should also include another \$15,000-20,000 for two years of living expenses while in the program.
